

HARSITH G

B.Tech Student — AI & Data Science · Python Developer · Mentor & Trainer

+91 96295 55002 | gharsith7@gmail.com | linkedin.com/in/Harsith-Govind-Developer | github.com/harsith-g | Tamil Nadu, India

SUMMARY

Second-year B.Tech student in AI & Data Science with solid Python fundamentals and hands-on experience shipping real projects using modern AI-assisted development workflows. Comfortable with end-to-end deployment from building to pushing live on Vercel. Passionate about mentoring peers and breaking down complex technical workflows into beginner-friendly steps. Targeting a self-funded Master's in Germany (2027–2028) in Full-Stack AI Engineering.

EDUCATION

B.Tech — Artificial Intelligence & Data Science

2024 – 2028

Dhanalakshmi Srinivasan University, Trichy Perambalur | GPA: 8.0 / 10.0

- ▶ Coursework: Python, Data Structures & Algorithms, AI Foundations, Database Systems
- ▶ Targeting GPA 7.5+ for German university admission (TU Chemnitz, HTW Berlin, TH Deggendorf)

SKILLS

Proficient: Python, C

Modern Developer Workflows: React, Tailwind CSS, FastAPI, HTML/CSS, Framer — built and deployed via AI-assisted development tooling

Deployment & Tools: Git, GitHub, Vercel, VS Code, CI/CD pipelines, Linux terminal

Currently Learning: CS50P (Python), SQLZoo (SQL), IELTS prep, German A1

Concepts Explored: Local LLM pipelines, Wake-word detection, STT/TTS, Autonomous agents

PROJECTS

Jarvis / Sentinel — Local AI Voice Assistant

2024 – Present

Personal Project | Python · Ollama (LLaMA 3.2) · Faster Whisper · Piper TTS · FastAPI · Porcupine

- ▶ Fully offline voice assistant — Python core with wake-word detection, STT, and local LLM inference on RTX 3050
- ▶ FastAPI backend for command routing + VLC HTTP API for media control; ~2s end-to-end latency, zero cloud dependency
- ▶ GitHub: github.com/harsith-g/Jarvis

Natasa — Voice-First AI Mentor

2025 – Present

Personal Project | Python · Ollama · Faster Whisper · ElevenLabs TTS · Porcupine

- ▶ Local AI mentor built entirely in Python — voice interaction, ElevenLabs TTS, JSON-based conversation memory

Portfolio Web Projects (Demo)

2024 – Present

Self-Initiated | React, Tailwind CSS, Framer, HTML/CSS · Deployed on Vercel

- ▶ Demo sites for hospital, dental care, and mobile shop — practised full GitHub → Vercel CI/CD deployment workflow
- ▶ 3D animated wedding invitation with scroll-triggered envelope-opening animation built in Framer

EXPERIENCE

Vice President — Tech & Programming Club

2024 – Present

Dhanalakshmi Srinivasan University, Trichy Perambalur

- ▶ Designed learning tracks and mentored 20+ students on Python fundamentals — translating complex concepts into beginner-friendly milestones
- ▶ Conducted live coding demos and technical workshops; organised college-wide hackathons and coding events
- ▶ Pitched startup concepts MycoShield and CoirCraft at MIC IDE Bootcamp 2026

Freelance Web Developer

2024 – Present

Self-Employed — VexCore, Tamil Nadu

- ▶ Built and deployed portfolio demo websites for local business concepts — hospital, dental care, mobile shop, and 3D wedding invitation
- ▶ Managed full project lifecycle: design, build, CI/CD deployment, and client handoff — zero failed deployments

GOALS & ACTIVE LEARNING

- ▶ CS50P — solidifying Python from first principles (no AI on exercises) | SQLZoo — building genuine SQL skills
- ▶ IELTS target 6.5+ | German A1/A2 | Self-funded Master's in Full-Stack AI Engineering, Germany 2027–2028
